

## ATTORNEY GENERAL DAUGHERTY TELLS OF DEPARTMENT POLICY

Speaks Before the Illinois Bar Association  
Friday Evening—Outlines His Plans for  
Prosecution of War Fraud Cases—Low-  
den Tells of His Impressions of Russia

(By The Associated Press)  
CHICAGO, June 2.—The policy of the department of justice in regard to the appointment of extra federal judges and the organization by the department of special branches and the employing of a special force to continue the work of inquiring into war profiteering, are the two most important subjects before the department of justice at the present, Attorney General Daugherty said to-night in a speech before the Illinois Bar Association.

From the standpoint of comfort and compensation, he said, the federal judiciary had been more neglected than any other branch of the government.

Quoting a letter he had written to President Harding on the matter of appointment of federal judges, Mr. Daugherty said this expressed the policy of the administration in the matter.

It is the department's purpose, he said, to construct a judiciary so sound and promising in longevity that the other branches of the government might fail to function if it were to be destroyed along the constitutional lines laid down by the fathers.

## COMMITTEE IS DIGGING INTO STEEL MERGER

Attorney Chadbourne  
Subpoenaed to Ap-  
pear Today

(By The Associated Press)  
NEW YORK, June 2.—The Lockwood committee kept digging into the steel business today and learned some facts about the Midvale-Republic-Inland merger that were not made public in yesterday's announcement of the concern.

But the committee did not learn what bonus Kuhn, Loeb & Co. are to receive for raising \$65,000,000 through a proposed syndicate, how much stock of the consolidated company is to be issued or what portion of the stock is to go toward new capital or the price at which it is to be listed. So late today, unable to gain this information from the heads of the Midvale and Republic Steel companies, the committee subpoenaed their counsel, Thomas L. Chadbourne, to appear tomorrow. Through the forenoon session, Elbert H. Gary, chairman of the United States Steel corporation, was questioned by Samuel Untermyer, who contended that the independents lived only by the grace of the corporation and that the management of the corporation is dominated by J. P. Morgan and his banking house.

Mr. Gary denied Mr. Morgan dominated the corporation. He would not concede that Mr. Morgan had any more to do with naming the directors than any of the other six members of the finance committee. He said the corporation had a surplus of about \$400,000,000 and a balance of \$125,000,000 and that its deposits with J. P. Morgan & Co., all subject to check and bearing 2.5 per cent interest approximated only \$8,000,000.

Since the steel corporation can manufacture and deliver products at cost of from \$3 to \$5 below the independents, Mr. Untermyer held that it could exterminate all of the other concerns if so minded. Mr. Gary believed the difference was not more than \$3, said he did not think so. He recalled the fate of high-handed corporations in the past and remarked that the steel corporation "behaved" because it was right to do so and second, because it "had to do so."

The mergers in the steel industry, Mr. Gary admitted might restrict competition.

**Question of Legality**  
"The question of the legality of these mergers which interstate affairs is one which I think will have to be left to the federal prosecuting officers to determine," Mr. Untermyer said.

"Of course, there is this situation: As long as the United States Steel corporation maintains this dominating position in the trade, it is a monopoly. It is a monopoly of \$5 a ton, so long as these other companies are living by the grace of the steel corporation it does not seem to make very much difference whether these few small concerns merge or do not merge from the point of view of competition. After all such a differential puts the entire steel business of the country right in the hands of the United States Steel company to do with as it may choose."

"The committee is simply gathering the facts. What it will or will not do is a matter of further consideration."

Both John A. Topping, chairman of the Republic Iron & Steel company and A. C. Dinkey, president of the Midvale Steel & Ordnance company, told the committee that they had not known the actual basis of the three company merger when they were on the stand yesterday only an hour or two before the consolidation was announced. At that time they swore that little had been reduced to writing and said they had none of the figures or details with them.

Mr. Untermyer told them the committee had been outraged by their attitude toward it and again sought to gain possession of the merger agreements. Mr. Topping and Mr. Dinkey were both sent out to get the documents, but those they brought back were not the desired ones. Irritated, Mr. Untermyer had Mr. Chadbourne subpoenaed, after the lawyer had sent word he was too busy to testify. It was announced that Mr. Topping too, would be quizzed again tomorrow.

### JACKSONVILLE MAN BUYS VIRGINIA PROPERTY

(From the Virginia Gazette.)  
The Colonial Inn, for the last several years occupied by the Andrew Bayer family and more recently by Postmaster George Hill and family, was Wednesday sold by Jacob Davis to Fred Gebhardt of Jacksonville for the sum of \$3,000. Mrs. Gebhardt is a niece of Mrs. James R. Sligh.

The new owner, who is a traveling salesman for a tobacco house, will remodel the building, converting it into an apartment house. The Gebhardts will reside in one half and the other half will be for rent. The new owners expect to move into their apartment on Jul 1.

## Chinese President Is Continuing His March

(By The Associated Press)  
PEKING, June 2.—Sun Yat Sen, president of the South China Republic, who has failed to reply to proposals to join Wu Pei-fu and members of the old Republican parliament in their program to reunite the north and south, is reported continuing his hostile march northward at the head of 300,000 men.

Sun Yat Sen with his troops is reported to have reached Kanchow, province of Kiangsi from which he is expected to launch a drive against Nanchang, capital of Kiangsi.

It is reported here that capture of Nanchang would be followed by a descent into the fertile valley of the Yangtze river.

Advices received from the south indicate that Sun Yat Sen, who backed Tso-Lin, the loser in the recent short lived campaign, still remains hostile to the victor, Wu Pei-fu. Sun also is expected to question the legality of sessions of the old Republican parliament held at Tien Tsin.

The present situation in China appears to indicate that Sun Yat Sen stands between two fires. To the north is Wu Pei-fu backed by a well trained army flushed with its recent victory over Chang Tso-Lin. At Wu's back is Tsao Kun, military power of the north and the members of the old Republican parliament of China. To the south is Chen Chung-Ming, outstanding military leader in that territory formerly a supporter of Sun Yat Sen, but who a few days ago demanded that Sun resign the presidency of the Southern China Republic. Chen's troops are said to be between Sun and his capital at Canton.

## REPORTS OF RACE RIOT IN KIRVIN, TEXAS. EXAGGERATED

Fort Worth Dispatch Says  
Quiet After Killing  
Negro

(By The Associated Press)  
DALLAS, Texas, June 2.—Conflicting reports as to a siege which officers and white citizens are said to have established about a house full of negroes near Kirvin, following the killing of LeRoy Gibson, 19, negro after officers had arrested him in connection with assault and killing of Miss Eula Aysley, school girl, near Kirvin, May 4, were received tonight. Surrounding by a mob of heavily armed white men, between 75 and 100 negroes, likewise armed and barricaded in a house on the Powell farm three and one half miles south of Kirvin, are resisting efforts to dislodge them, according to a "gossip."

A Fort Worth dispatch was received that reports of the trouble was exaggerated and the band of negroes said to be hiding at the Powell farm could not be located. Calls for men, arms and ammunition said the report from Kirvin, brought hundreds from Corsicana, Mexia, Streetman, Wortham, League and nearby towns who are gathering in Kirvin to go to the assistance of the officers in the event they are needed. The dispatch from Fort Worth said the crowd was not organized.

Killing of a negro by a white Kirvin, brot hundreds from Corman in turn were reported from Streetman. The report said the white man after killing the negro left the body in a field. Telephone operators at Streetman said tonight no bodies had been found and reports have not been otherwise confirmed.

Virtually all the stocks of guns and ammunition in hardware stores at Kirvin have been exhausted it was reported. More than a thousand men were reported gathered at Simsboro and near the Powell farm.

## HAIR DRESSERS HAVE BIG PROBLEM AHEAD

DECATUR, Ill., June 2.—"To fix bobbed hair so it doesn't look bobbed is the problem hair dressers of the United States will face this fall," announces Mrs. Theodora Bender, manager of the National Convention of Hairdressers to be held in St. Louis in July.

"How to meet this problem is the big thing to be taken in our convention says Mrs. Bender who visited in Decatur today.

"A series of medals is being offered hair dressers who succeed in transforming abbreviated locks into long and graceful rolls for evening dress. As a matter of fact most girls are tired of their short hair now."

"The association is trying to make women pay more attention to their looks in general," added Mrs. Bender.

"A woman will go to a ball or to the theater in a \$300 gown with her hair straggling across her ears and down the back of her neck and a bit or miss dash of powder across the end of her nose when she might as well look as pretty dress. Beauty isn't a matter of being borne that way it is a matter of knowing how to make yourself that way."

### GAVE ENTERTAINMENT AT MT. EMORY CHURCH

Those in the audience at Mt. Emory Baptist church, Friday night heard a fine program, given by the Inevitable quartet. This organization of capable musicians includes two blind singers, Messrs. Edward Mackey and James Johnson; together with Mrs. Mackey, Mrs. Langston and Miss Michael.

The varied program included, in addition to solos and duets, numbers, several readings, together with saxophone, xylophone and piano selections.

Members of the company have just finished a successful tour and are now on their way to their homes in Kansas City.

## BANK ROBBERS CAPTURED AND LOOT RECOVERED

Three are Taken at Decatur,  
Nebraska, and \$30,000  
Saved

(By The Associated Press)  
DECATUR, Neb., June 2.—Three bandits were captured today being severely wounded and \$30,000 recovered by a posse that came upon the men as they were robbing the State Bank of Decatur this afternoon. Norah Connally, cashier was alone in the bank shortly before three o'clock when a touring car drew up at the rear of the bank and two of the trio entered. When commanded to throw up her hands the cashier screamed and attempted to escape but was caught and held by one of the men while the other began scooping currency and coin into a sack he carried.

Miss Connally's scream had been heard by a storekeeper adjoining and a posse hastily organized, rushed into the bank while the robbers were still at work. The two fled following a volley from the posse. One robber was wounded and dropped the sack he carried and the other then dropped his loot.

The third bandit was shot when he attempted to drive away in the car. His name is said to be Lou Clerent of Omaha. He is not expected to recover. Names of the other two bandits are given as George Perchis, Chicago and Benjamin King, Omaha. Both were captured within three hours after the chase began.

## ALUMNI HOLDING SEMI-ANNUAL MEET

Seventy Five Students of School  
For Blind Here for Reunion —  
Session Begins Today and Will  
Continue Thru Monday.

The Alumni association of the State School for the Blind will meet today in bi-annual session. About seventy-five members of the association are here to attend the various sessions. At 9:30 o'clock this morning a business session will be held and at four o'clock this afternoon Mr. and Mrs. Woolston will give a reception in honor of the alumni.

At 8 o'clock this evening a special program of music and readings will be given in the chapel at the state school. Sunday the visitors will spend with local friends and another business session will be held Monday morning. The afternoon has been left open for possible engagements and in the evening the reunion will come to a close with a banquet and dance to be given in the gymnasium of the school.

The present officers of the association are:  
President—Dr. J. F. Lockaby, Charleston, Mo.  
First vice president—Frederick Meyers, Jacksonville.  
Second vice president—Miss Francis Moon, Jacksonville.  
Secretary—Miss Theodora Frankson, Jacksonville.  
Treasurer—George Gerlach, Jacksonville.

## WANT HARDING TO APPOINT TRIBUNAL

(By The Associated Press)  
NEW YORK, June 2.—A proposal that President Harding be asked to appoint a tribunal to settle the anthracite coal strike, submitted by the operators today before the joint sub-committee on wage contract negotiations, was rejected by the miners.

Philip Murray, vice president of the United Mine Workers declined to state on what grounds the proposition was turned down except to declare it objectionable. Labor members of the joint sub-committee announced they will call a meeting of the general anthracite scale committee at Hazleton, Pa., next Tuesday to frame a counter proposal.

## APPROPRIATION BILL FOR ARMY PASSES SENATE

Provides for 12,530  
Officers and 133,-  
000 Men

(By The Associated Press)  
WASHINGTON, June 2.—Carrying an appropriation of \$341,760,000 the annual army appropriation bill was passed today by the senate. It fixes the size of the army for the next year at an average of 12,530 officers and 133,000 men.

Passage of the bill which was without a record vote followed quickly after a test vote by the senate accepted, 49 to 21, its committee's action in increasing the house figure on the size of the army from 115,000 to 133,000 enlisted men. The strength of 12,530 officers compares with 11,000 as voted by the house.

The senate disposed of the bill speedily, the measure being taken up for the first time today and passed within six hours. All committee amendments except those affecting the size of the army were acted upon within three hours constituting what was regarded as almost a record by the senate.

Some opposition was expressed to the 133,000 enlisted strength chairman Wadsworth of the military committee in charge of the bill pressed for the committee figure and was sustained as was the committee action on every other amendment to the house bill.

The measure now goes to conference.

Next to the question of the size of the army the proposition causing most debate was the amendment submitted by the agricultural committee appropriating \$7,500,000 for continuation of work on the Muscle Shoals project which the senate accepted without a record vote after a preliminary tangle which lasted for an hour.

The Shoals amendment promised for a time to reopen the question of the government's policy with respect to the power project but Chairman Norris of the agriculture committee declared that no policy had been determined and that to delay work further on Dam No. 2 in the Tennessee river would be "an economic crime."

Also the army strength agreed upon by the senate was regarded as a compromise between the figure of 150,000 sought by the war department and that fixed by the house, Senators expect a hard fight before an agreement is reached with the house.

Party lines were broken when the test vote was taken. Nine Democrats voted with the Republican majority in upholding the senate committee while six Republicans were counted in the negative. Democrats voting for the 133,000 army included Ashurst, Gerry, Herlin, Kendrick, Meyers, Sheppard, Smith, Underwood and Williams; Republicans who voted against the proposition were: Borah, Capper, LaFollette, Norris and Willis.

## REPUBLICANS PLAN TO BEGIN CAMPAIGN FOR FALL ELECTION

Chairman Rosenfield Sees  
Victory for Party at  
Polls

(By The Associated Press)  
CHICAGO, June 2.—Actual work in the Republican campaign in Illinois will be launched on September 15 with the opening of Chicago headquarters, Walter A. Rosenfield, chairman of the Republican State Committee announced today following a three day conference with district leaders.

Mr. Rosenfield said he would have charge of headquarters here while a downstate headquarters at Springfield will be in charge of George Keyes, secretary of the committee. The committee it is announced will devote most attention to the congressional and legislative candidates. A woman's bureau is also planned in connection with the state committee Mr. Rosenfield said.

"While our Democratic brethren talk of cleaning up Illinois in this year's campaign they are simply talking thru their hats," Mr. Rosenfield said. "We do not claim that we will maintain the landslide vote given Mr. Harding in 1920, but we do claim and we know that the normal Republican majority will be polled in Illinois in November. We are despite all our liabilities at least 100,000 votes to the good."

### PUPILS OF SCHOOL FOR BLIND LEAVE TODAY

Many of the pupils of the State School for the Blind will leave for their homes today. A special coach will be attached to the early morning Alton train to take pupils to Chicago and to some intermediate points. Special groups will also be sent to the east and south under special guardianship.

## FRANCE'S ATTITUDE AT GENOA CONFERENCE IS GIVEN APPROVAL

French Chamber of Deputies Give An Over-  
whelming Vote of Confidence to President  
Poincare—The Latter Sees Grave Dan-  
ger to France in the Recent Moratorium

(By The Associated Press)  
PARIS, June 2.—The chamber of deputies this evening by a vote of 484 to 100, gave Premier Poincare a free hand to continue to direct the foreign policy of France along the lines he has pursued.

The vote also approved of the government's attitude at the Genoa conference, left the government the sole judge as to whether France shall be represented at The Hague conference and reserved to the government to act alone toward Germany in case of a flagrant violation of the Versailles treaty.

The vote came after one of the most stormy sessions ever witnessed in the French chamber. Once the chamber got out of control of Vice President Chassaing-Goyon, who was occupying Speaker Peret's chair and when the communists made a concerted rush for the royalists of the extreme right, the acting speaker had to suspend the session. Altho the volume of noise might have caused the uninited to believe the government was in danger of being overthrown, when the real test came the opposition could marshal only 100 votes.

Evidence of the influence of Premier Poincare over the chamber was shown when the question as to priority of the numerous orders of the day came up. M. Harriotti, leader of the radical party insisted that his order of the day regarding internal loans should have priority. To this M. Poincare objected and the Chamber voted 426 to 143 against M. Harriotti, but when the straight order of the day involving a vote of confidence in the government was put before the chamber the opposition vote was reduced to 100 while that of the supporters of the government was increased to 484. M. Harriotti had charged the premier with being responsible for the question of internal loans being put before the Genoa conference. The premier replied that he had refused to bring up the question at Genoa because he was convinced it was too dangerous associated with that of the German debt to the allies.

**Sees Plot Against France**  
"And I made no mistake," the official stenographer report of the proceedings quote the premier as saying. "But the reparations commission or rather right beside it in the banker's commission we may see right now most formidable attempts being effected against France for the purpose of subordinating international loans to a new amputation of our claim against Germany."

The premier's reference to "most formidable attempts" is interpreted by close friends of the government as informed the representative of France on the reparations commission that he must not accept the proposition.

The governor took a check for \$448.33 in payment of the balance when he received the bonds, Mr. Hanchett testified.

Gallery is Disappointed  
A large gallery drawn by the expectation of interesting disclosures by officers and directors of the governor's bank at Kankakee and two Curtis banks at Grant Park was disappointed. Most of the day was taken up with identification of books and papers by employees and officers of Chicago and Springfield banks.

The state and defense clashed when the prosecution attempted to introduce into evidence reports of state bank examiners who audited the Grant Park Trust & Savings Bank, one of the Curtis institutions. The jury was sent out of the room while the lawyers wrangled. The defense argued the reports are not admissible because the bank was not a party to the case nor concerned in it.

Judge Edwards reserved his ruling until Monday.

With the close of the sixth week of the trial completion of the state's case appears no nearer than it was a week ago. Best estimates of the ending of the trial now range from July 1 to July 15. State lawyers believe they may finish in another two weeks.

## BREAK DEADLOCK ON FEDERAL GOOD ROADS

WASHINGTON, June 2.—The deadlock over federal good roads between the senate and house was broken today when their conferees reached a compromise by which \$50,000,000 will be available during the next fiscal year for continuing federal and state cooperation in road development.

No direct appropriations are made under the compromise but the secretary of the treasury is given authority to make contracts with the states up to that figure, such contracts to be obligations upon the government.

### MORGAN COUNTY PEOPLE IN AUTO ACCIDENT

Word has been received by A. A. Curry of an automobile accident which befell Mr. and Mrs. Eugene E. Caldwell near Indianapolis recently. All the occupants of the car escaped injury except Mr. Curry, who sustained a minor scalp injury.

The Morgan county people were traveling in a Marmon car near the Indiana city, where they went to attend the auto races, and were enroute to Louisville, Ky., where their car was struck by another Marmon car. The Curry car turned over twice and was completely demolished.

Mr. Curry wrote his father that he had traded in the damaged car on a new car and the return trip will be made in the new machine. All the travelers are congratulating themselves that the accident had no more serious consequences.

## STATE PRODUCES MORE EVIDENCE OF BOND BUYING

(By The Associated Press)  
WAUKEGAN, Ill., June 2.—Further testimony of purchase of bonds by Governor Len Small and the payment for them with a check said to have been issued by Armour & Co., as interest on state funds borrowed from the Grant Park Bank, was introduced today in the governor's trial by the prosecution. On cross-examination it was brought out that the purchase made by the governor in person was carried on in the name of his bank, the First Trust & Savings Bank of Kankakee.

William F. Hanchett, head of a Chicago bond house, bearing his name, testified the governor bought \$10,000 in Franklin county school bonds from him and tendered in payment a check for \$10,500 issued by Armour & Co. to Vernon S. Curtis, head of the Grant Park Bank and under indictment with the governor. This check previously had been identified as one issued by the packing company in payment of interest on state funds loaned to it by the Curtis bank.

The governor took a check for \$448.33 in payment of the balance when he received the bonds, Mr. Hanchett testified.

## MYSTIFYING PROGRAM AT THE GRAND

Brookhart, the great French Indian mentalist, appeared at the Grand again last night and entertained a large audience in a most delightful way. Brookhart, the advertisements say, has drunk deeply from the cup of wisdom. That seems to be the case, if wisdom consists in the art of mind reading.

In matinee this afternoon and again tonight Jacksonville people will have the opportunity of witnessing this very unusual entertainment. The Harmony quartet furnishes some special musical numbers.

## JURY IS STILL INCOMPLETE IN GREEKS' TRIAL

Special Venire of Fif-  
ty Exhausted at Ses-  
sion Friday

(By The Associated Press)  
QUINCY, Ill., June 2.—The special venire of fifty men was exhausted this afternoon and four jurors lacking to complete the 12 in the case of the 29 Greek laborers charged with the murder of Sheriff Edward Lashbrook of Schuyler county and his two deputies, Neff and Uter.

Another special venire of thirty was ordered to report in court by 9 o'clock Saturday morning. Judge Wolfe instructing the sheriff to go out into the county for the men.

Nearly all of the last fifty were employed most of whom held union cards. The defense has rejected every prospective juror who admitted being a union man, only one having been accepted of all who were members of unions and one only recently having joined. The fact that the Greeks were laborers in employ of the railroad who had planted Americans in the tragedy is in questions put by the defense.

It is expected the jury will be completed some time Saturday and if possible the opening statements will be made by both sides. Judge Wolfe today excused all witnesses until Monday when the taking of testimony will begin. A number of witnesses from Brown and Frederick, the neighborhood in which the tragedy occurred have arrived here. There are about forty for the state and nearly as many for the defense.

The guns of the defendants and other exhibits to be used by the state have arrived here under the order of the court and have been placed in the custody of the clerk. There are three double-barrel shot guns, a single barrel, small rifle, three revolvers and a large dagger, evidently a trench knife used in some foreign army. There is also the screen which covered one of the windows in the car in which the Greeks were housed. It shows eight bullet holes evidently made by shots fired from inside the car.

Attorney John Wall of counsel for defense stated this would be used by him as the position of the car would make it impossible for the occupants to have shot the sheriff thru the screen.

Regarding the investigation of war contracts and the criticism of the department regarding the matter, Mr. Daugherty said the investigation had been proceeding for months but had reached a point where additional assistance and a large appropriation was needed to continue. He said he had no reason to apologize for the department and asserted that those who criticized in most instances knew nothing of the facts and generally were not in good faith.

The organization now being formed to investigate war contracts he said would be the greatest law office ever organized in this or any other country and expressed the hope that when the story of war transactions and offenses against the government is completed there be written on the back of each volume and on the title page of each case the two words "truth" and "justice."

Frank O. Lowden, former governor of Illinois, told of some of the conclusions he had reached thru his recent tour of Europe. He recommended the establishment of a foreign policy in which statesmen might be drawn for a career rather than for social honors and thru political patronage as he says was the case at present.

He said that the cooperative organizations of Russia were the only hope of that country to overthrow the soviet rule.

The soviet government regime he said had attempted to break up these cooperative societies and while they had succeeded in disbanding the national organizations among the peasants and farmers still existed and were functioning.

## REPLY OF GRIFFITH WAS RECEIVED BY BRITISH CABINET

Is Sufficiently Satisfactory  
to Continue Nego-  
tiations

(By The Associated Press)  
LONDON, June 2.—The British cabinet tonight received from Arthur Griffith, president of the Dail Eireann a reply to six definite questions put to him during this week's conference on the Irish. The answer is regarded sufficiently satisfactory to enable the negotiations to continue on June 6.

The question put to the provisional government's delegates were formed at yesterday's cabinet meeting and dispatched to Mr. Griffith.

Soon after the answer was received the cabinet announced that it was satisfactory and Premier Lloyd George departed from Clonsilla, Wales. Mr. Griffith left for Dublin and is expected to return to London next Tuesday.

The combination of steel companies seems to be quite the fashion these days. These mergers are openly made that surely the requirements of the Sherman antitrust act must have been met.

St. Louis after all, is entitled to high rank as a city. The financial institutions there have just provided a loan of \$24,000,000 to the Republic of Bolivia. This is almost a big enough transaction to attract the attention of Wall Street.

It is said that the acreage of corn planted in this area is very much less than usual because of the delays occasioned by the flood. There is nothing alarming in that statement, for many is the instance wherein the late planted corn made a better yield than that put in the ground earlier.

The University of Illinois is preparing to hand out about 1200 degrees at this commencement season. That's a huge number, but not so large when you take into account that more than 10,000 students are enrolled in the various departments of the university.

Additional judges have been assigned to criminal court work in Chicago and eight or ten assistant state's attorneys employed. Men termed the "cream" of the Chicago bar have been chosen for this work. Now all that remains is to select fair minded, competent jurors and there ought to be no trouble about speeding up the trial of criminal cases connected with the building trades.

A federal judge said recently that in his experience the violations of narcotic laws had increased 300 per cent. Opponents of the Volstead act insist that because of numerous violations that the law should be amended or repealed. They do not apply the same kind of logic to the Harrison law, which purports to control the sale and distribution of narcotics.

The wonderful time of graduation is at hand in the schools and colleges. It is in truth a wonderful time, marking as it does the beginning of life activities for many young men and young women. There is an appeal, an attractiveness, about these young people that continues from year to year, and each succeeding class has its full share of public interest and thought.

At commencement time the average graduate looks out upon the world with an inspiring hopefulness and that hopefulness and optimism is of a contagious kind. Here's to the boy and girl graduates. May their number increase as the years pass along.

In 1913 the United States had a foreign trade amounting to \$4,276,614,000, which rose to \$13,506,497,000 in 1920 and fell back again to \$6,994,179,000 for the fiscal year ending June 30, 1921. Great Britain had a foreign trade of \$6,830,401,000 in 1913, \$12,787,831,000 in 1920 and \$7,301,399,000 in 1921. While the United States made a net gain in 1921 of \$2,700,000,000 over 1912 compared to a gain of less than \$400,000,000 for Great Britain, nevertheless the tumble from the peak of 1920 was far more severe on the United States than on its rival.

Some East street residents are again talking about the advisability of changing the name of that thoroughfare. They say that to a stranger it is confusing to try to find the southeast corner of North East street and East North North street. That's a fact, but when it comes to changing the name of the street there will probably be a difference of opinion. The city council will not be likely to act unless property owners come forward with petitions on the subject.

In Decatur the banks are to close at noon on Saturdays during the summer months. If similar action were to be taken in Jacksonville many of the farmer residents of the nearby territory would be compelled to change their "trading" day. True it is that the greater number of farmers now travel by automobile and a trip to town does not consume the time that used to be required. Nevertheless, Saturday has so long been a special business day for the farmer and the tradesman that any change would result in sharp inconveniences. The smaller the city the greater are the difficulties in bringing about these closing up programs.

**QUEEN LIL'S FLAG GIVEN TO FARRINGTON**  
HONOLULU, T. H.—The American flag which Queen Liliuokalani ordered to be flown over her residence, Washington Place, now the governor's official mansion, the first time since the fall of her monarchy in 1893, was presented to Governor W. R. Farrington on his 51st birthday by Colonel Curtis Laukae, former chamberlain to the queen, together with a note which told the history of the flag. "The flag was flown during the world war and expressed her Majesty's interest in the hope of victory for the United States," Colonel Laukae said. Several years intervened between the fall of the monarchy and the time when Queen Liliuokalani had the flag raised over her residence.

**RED CROSS GIVES UP NURSING SERVICE**

Morgan County Chapter Retires From Field—Final Report Made at Meeting Held Friday Evening.  
At a meeting of the executive committee of the Morgan County Chapter of the Red Cross held in the headquarters in the Public Library Friday evening final steps were taken to retire from the nursing service in the county. The chapter has carried the work on successfully for the past fifteen months and retires now because of the appointment of a full time health physician by the county. Miss Grace Carter, chairman of the Morgan County Nursing Activities Committee sent out the following letter to the chairman of the Red Cross branches in the county, the county commissioners and H. J. Rodgers, president of the Morgan County Chapter of the Red Cross. It is self explanatory:  
Jacksonville, June 2, 1922.  
After fifteen months of nursing service in Morgan County the Red Cross withdraws from the field, having demonstrated school inspection in the rural communities.  
We appreciate your efforts which have contributed largely to our success in this pioneer work and Miss Riecke joins me in thanking you for your interest and cooperation.  
Hoping you will give the same support to the new county project, I am,  
Yours very truly,  
Grace Carter, Chairman.

Miss Riecke has retired Central Division volunteer of a position as county nurse in Minnesota. As the date is optional to her, she will remain here for a two weeks' rest before entering her new field.

**BAZAR TO BE HELD AT STATE HOSPITAL MONDAY**

Preparations are now practically complete for the bazar which will be held Monday afternoon in amusement hall at Jacksonville State hospital. The proceeds of the bazar will be devoted to the fund for the Fourth of July celebration at the institution, and it is hoped that the patronage will be liberal.  
Mrs. E. L. Hill, wife of the managing officer of the institution, is in general charge of the arrangements of the bazar and has been assisted by a large number of the employees at the hospital.  
The bazar will open at 1 o'clock Monday afternoon and will continue until everything is sold. Various articles made by the patients will be offered for sale, including toys, fancy work and useful articles. There will also be refreshments booths and other bazar features.  
A lady from a distance recently leaving the hospital told Miss Vener that she wished to express her great appreciation of the kindly manner in which she had been treated during a long illness.

**COURIER BOYS TO HAVE OUTING AT MEREDOSIA**

Carriers, Street Sellers and Suburban Agents of Courier Will Spend Sunday at Rotary Club House Near Meredosia.  
The Courier carriers, street sellers and suburban agents are all ready for their annual outing at Rotary club cottage at Meredosia. The carriers and agents from near-by towns are to leave Jacksonville by truck at 5 o'clock Saturday afternoon, while the street sellers, who cannot leave the city so early, are to journey to Meredosia on the 6:10 train Sunday morning.

The use of the truck is made possible by the courtesy of Dr. E. L. Hill, managing officer of Jacksonville State hospital. The entire party will be in charge of Joe Sullivan, circulation manager of the Courier, and Secretary Master Harry Walker and will be accompanied by W. A. Fay, business manager of the Courier.

The boys have arrangements all made for a good time. There will be music and stunts Saturday night and a crowded program has been arranged for Sunday. After breakfast will come setting up exercises, a religious service, boating and hiking. Of course the dinner will be a big event of the day. The return is to be made late Sunday evening by truck.

Suburban Agents Carlson of Murraryville and Lewis of Bluffs will accompany the following city carriers and substitutes:  
Merle Green, Clarence Peterson, Roscoe Godfrey, John Reynolds, Geo. Wetzel, Allen Kelly, Robert Mutch, Arthur Bergstrom, Theodore Wetzel, Howard Emerson, John B. Morris, Glenn Dodsforth, Clifford Marshall, Troy Massey, Fred Green, Proctor D. Woods.

**WELL KNOWN ALIENIST SUMS UP WORK OF YEARS**

Dr. George F. Edenharter Gives Credit to Dr. F. P. Norbury For Valuable Suggestions.

Dr. Frank P. Norbury is in receipt of a communication from Dr. George F. Edenharter, Superintendent of the Central State Hospital of Indiana, located at Indianapolis, giving in historical review the development of clinical teaching, clinical research, with special hospital and laboratory facilities in the work being done in Indianapolis. Dr. Edenharter was the pioneer in this country in developing systematized clinical training and research in mental medicine as a part of the functions of a state hospital.

Through his advocacy, special buildings for hospital and laboratory purposes to be used for teaching were erected on the grounds of the state hospital. The students in the medical schools of Indianapolis were thus given the opportunity of having systematic instruction in psychiatry under trained teachers and workers.

This was the first intensive effort in this country to establish such instruction as a necessary part of the student's curriculum. Dr. Edenharter has just pride in his accomplishments. He says he "addresses this special communication to Dr. Norbury because Dr. Norbury has been a source of inspiration and comfort to him," since in 1897 when he lent his support to Dr. Edenharter's efforts to firmly establish this work and has since made several addresses in Indiana and extensively mentioned this pioneer effort which is now an integral part of the medical curriculum of the University of Indiana and a graduate school for physicians of that State.

Dr. Norbury feels honored to be thus remembered as one of the pioneers in advancing this work of which Dr. Edenharter says "we have beyond question established for students and physicians a teaching hospital in psychiatry and in the further fact that we were one of the first to establish such. We believe that we have pursued the policy which you commended in the early days of our service here."

**CHAPIN RESIDENT INJURED BY FALL**

J. M. Fox Painfully Bruised by Fall from Load of Hay—Other Chapin News of Special Interest.

Chapin, June 2.—J. M. Fox had a narrow escape from what might have proven a serious accident Friday when he fell from a load of hay, striking his head and shoulder. The jar of the fall was very painful and he was so badly bruised and stunned as to be unable to continue his work.

Mr. and Mrs. Wm. Edelbrock and daughter, Miss Lella of Jacksonville, visited Chapin friends Thursday.

Among the Jacksonville visitors Thursday were Mr. and Mrs. Chas. Baker, Miss Verla Baker, Mr. and Mrs. E. E. Sides, Mrs. J. M. Fox, Miss Edith Fox, Miss Mary Alderson, Russell Nash.

Miss Ina Shaul leaves Saturday for Mt. Pleasant, Iowa to attend the commencement exercises. She will spend the summer vacation with relatives in Iowa.

Miss Dorothy Kennedy will go to Jacksonville Saturday and spend a few days at the Woman's College, from there to her home in Waverly and after a brief rest she will enter the State University at Urbana where she will be a student during the summer.

Mrs. Maurice Barnes of Havana visited relatives and friends here Thursday.

Mrs. E. F. Antrobus went to Champaign Thursday where she will spend a few days the guest of Mrs. Charles Whipple.

**CHANGE IN ROUTE FROM JERSEYVILLE TO ALTON**

The route of the state bond issue road between Jerseyville and Alton has recently been changed to some extent by the state division of highways, and it is possible that still other changes may be made in the route. This stretch of road is part of the proposed highway from this city to East St. Louis. The route change referred to is indicated by the following:  
Beginning at the intersection of the south city limits of Jerseyville with Jersey county state aid route No. 6, thence south and easterly following relocations and the general location of said state aid route No. 6 to an intersection with Jersey county state aid road No. 8, in the S. E. 1 of Sec. 13, T. 6 N., R. 11 W. of the third P. M., passing through or near the villages of McCluskey and East Newbern; thence southeasterly following relocations and the general location of said state aid road No. 8 to the east county line of Jersey county; thence southeasterly following relocations and the general location of Madison county state aid route No. 12-B to the north city limits of Alton, passing through or near the village of Melville."

Mr. Reeve has been prominent in athletics, musical activities and journalism during his four years at Knox. He has also been active in Y. M. C. A. work. He is a member of Phi Gamma Delta fraternity.

Mrs. William Rawlings and grandson, Clark Rawlings, have gone to Arkansas City, Kansas, to visit Mrs. Rawlings' son George.

Illinois, who is soon to become the bride of Rudolph Davidsmeyer of this city, was the guest of honor at a delightful affair given yesterday by Mrs. W. H. Cocking at her home on Sandusky street. The function was a miscellaneous shower and twenty five of Miss Porter's special friends were the guests.

The guests were invited at four thirty in the afternoon and at six o'clock a delicious buffet supper was served. The Cocking home was made more attractive for the party by the use of quantities of garden flowers and the event was in every way a most delightful one.

The marriage of Miss Porter and Mr. Davidsmeyer will take place on the fifteenth of June at the home of the bride's parents, Mr. and Mrs. E. P. Porter in Ipava. Miss Porter has studied in the Illinois Conservatory of Music and has many friends in Jacksonville. Mr. Davidsmeyer is the bookkeeper for the Cocking Cement Company in this city and his bride will make their home in Jacksonville.

#### Hostess at Luncheon.

Mrs. Joseph Stice was the hostess at an informal luncheon given at her home on North Prairie street yesterday for a number of relatives from out of the city. A delicious luncheon was served at one o'clock and the afternoon hours delightfully spent in a social way. The guests included, Mrs. Vernon Keplinger, Mr. and Mrs. Imrie Keplinger, Mrs. Kenneth Keplinger and daughter Betty, all of Waverly, and Mrs. Roy McCracken of Grand Rapids, Michigan.

#### Professional Women Meet.

The Professional and Business Women's Club met last evening at the Pilgrim Memorial for the regular fortnightly meeting. The hostesses Miss Josephine Cooper and Miss Lucy Catlin had arranged a unique and interesting program of stunts and music and during the evening an attractive luncheon was served.

#### Young Married People's Class

The members of the Young Married People's Class of Grace church were the guests at a delightful affair given by Mrs. A. T. Capps last evening. Mr. Capps is the teacher of this class which numbers about forty young people as members. A delicious buffet supper was served at six o'clock in the lovely garden of the Capps home and the evening hours were enjoyably spent with music and games.

#### Entertains at Bridge.

Miss Willabella Miller, who is to be a June bride, was the guest of honor at a bridge party given yesterday afternoon by Mrs. Francis Rantz at her home on Westminster street. The affair was informal and three tables of cards were made up. After the time pleasantly in playing the hostess served attractive refreshments.

#### Baptist Women Meet.

The Woman's Union of the First Baptist church held an all day meeting Thursday at the church. The time was spent with quilting and at noon luncheon was served in charge of Mrs. George Wiseman, Mrs. W. T. Spires and Mrs. Jeanette Ogden.

#### Entertains Out

Following the program the hostess served refreshments. The guests of the afternoon were: Rev. and Mrs. Reinhart, Mrs. Dan Moy, Mrs. Roy White and Mrs. Arthur Dunlap.  
The next meeting will be held with Mrs. H. L. Davies, July 6.

#### Philathea Class

Enjoys Party.  
The members of the Philathea Circle of Central Christian church met last evening at the church for the regular meeting. The young ladies who attended the national convention in Florida recently were the hostesses to the other members of the class. A fine supper was served at six

o'clock and after supper the hours were pleasantly spent with some clever little game and contests which the hostesses had planned. The hostesses were Miss Margaret Coffman, Miss Blanche Turley, Miss Pearl Jewsbury, Miss Elva Shore and Miss Mary Dewese.

#### Entertains College Friends.

A delightful informal dinner was given last evening by Miss Alice Carter at her home on Lincoln avenue. The guests were students of Illinois College and a number of the members of the Senior class were special guests. A delicious six o'clock dinner was served and the evening hours were spent in dancing.

### MAY DAY PROGRAM AT SCHOOL FOR DEAF

Pupils Gave Fine Demonstration of Rhythm Work on Lawn Last Night—"Greeting of the Queen" Proved an Artistic Presentation

Children of the State School for the Deaf, presented a May day program on the grounds of the school at 9:15 o'clock Friday night. The lawn had been lighted with electric lanterns of varied colorings, which cast a glow that greatly increased the beauty of the scene.

The spirit of May was presented in the dances of the children and the Russian dances and floral presentation made up a program of artistry which genuinely interested the large assemblage.

Col. Smith arranged for the program to begin at 9:15 o'clock to permit Judge Jenkins, head of the department of public welfare, and who was the speaker at the commencement at the School for the Blind, to be present.

Exemplifying as it did the splendid work accomplished in rhythm with the boys and girls of the school the entertainment was a great success. The presentation was under the direction of Misses Collins and Solberger, who have charge of this work at the school.

The whole program styled "The Greeting of the Queen" was as follows:

Scene 1—The Seasons, The Dawn, The Morning.

Scene 2—The procession of Russian Dancers, Soldiers, Sailors, Sword dancers with the Lord and Ladies in waiting, Flower Girls, Maid of Honor, Queen, Train Bearer, Crown Bearer and Flag Girls.

Scene 3—Crowning of the Queen, Minuet, Russian Dance, Sailors Dance, Flag Drill, Sword Dance.

Scene 4—The Garden Spirits, which are to be represented as Daffodils, Poppies, Bluebells, Crysanthemums, Johnny-Jump-Ups, Gay Butterflies, Sweet Blossoms and Breezes.

Scene 5—Maypole celebrities.

### OFFER BIG PRICES FOR HEALTHY HOGS

(By The Associated Press)

CHICAGO, June 2.—The five big Chicago packers, Swift, Morris, Wilson, Armour and Cudahy, and many of the small packers have agreed to pay ten cents a hundred above the market price on all hogs shipped to the Chicago livestock market, provided they are free from tuberculosis and come from a farm where both cattle and hogs are not infected with this disease. This agreement was reached today at a joint session of packers' representatives for the livestock exchanges and was urged by Everett C. Brown, president of the National Livestock Exchange, and Professor H. S. Smith, livestock commissioner of the National Exchange. The packers also agreed to pay this premium to any farmer, whether he lived in a disease free county or not if his herds of cattle and hogs were free from the disease.

#### UNION STREET LABORERS TO STRIKE

Springfield, Ill., June 2.—Union street laborers of Springfield tonight voted to strike Monday morning for a wage scale ranging from 65 cents to \$9 cents an hour unless the paving contractors accept their demands. State President Albert Hemmer of O'Fallon, Ill., was present and authorized the strike. Approximately 300 men will be affected by the strike order he said.

Born, to Mr. and Mrs. Louis Eaton of Brockton, Mass., a son. This was the good news conveyed in a telegram received yesterday by Walter Ayers from his son-in-law, Mr. Eaton.

### FLAMES DESTROY LIVERY BARN AT ROODHOUSE

Antrobus Livery Barn Totally Burned at Late Hour Friday Night—Christian Church Slightly Damaged.

ROODHOUSE, June 2.—The Antrobus livery barn at the south east corner of the square in Roodhouse was totally destroyed by fire at about 10:30 o'clock Friday night. Quantities of hay and feed were also destroyed, together with five horses. Only one car was in the barn at the time of the fire and it was removed.

The origin of the fire is unknown. Fred Antrobus, the proprietor, was at the barn until shortly after ten o'clock when he made a trip to the station. Shortly afterward flames were seen by passers by and the alarm given, but it was impossible to save the building.

The building was owned by Ruyle Bros. and was a frame one of substantial construction. The loss will probably be close to \$5,000 and it is partially covered by insurance.

The Christian church is located on a lot adjoining the barn and it was for a time feared that it would also be destroyed. However, it was possible to control the flames to such an extent that the only damage done to the church was to the windows, the glass bursting from the intense heat.

The minstrel show and entertainment given at Carlson's hall in Murrayville Thursday night, was repeated last night. There was another large audience and the performance was one which pleased every one. The entertainment was given under the auspices of the Domestic Science club of Murrayville and the proceeds will be devoted to the needs of the domestic science department of the community high school.

## WILL POWER IS ALL THAT KEPT HER FROM WORK

Nearly Breaks Down Under Strain of Nursing Injured Son, Says Mrs. Atzel—Praises Tanlac for Her Complete Restoration.

"Tanalac has built me up ten pounds and I feel just fine in every way," said Mrs. George Atzel, 518 Aberdeen St., Chicago, Ill. "The strain of nursing my little boy, who was injured in an automobile accident, nearly resulted in a breakdown for me. My housework was like a mountain to me and it took all my will power to keep going. I could eat hardly anything and sourness and gas on my stomach distressed me terribly. At times my whole body was racked with pain, and I often wonder how I stood it."

"I heard so much about Tanlac I got a bottle and after a few doses could see good results. Now I have a fine appetite, eat anything, sleep soundly and do my work with ease. All my pains are gone. There's nothing too good I can say for Tanlac."

Tanalac is sold by all good druggists.—Adv.

## DIPLOMAS AWARDED AT SCHOOL FOR BLIND

Judge Jenkins Emphasized For Graduates Some of Life's Lessons—Urges Interest in Public Affairs—Splendid Program Given.

"Life is Action," that was the message that Honorable C. H. Jenkins, director of the Department of Public Welfare, gave to the graduates of the State School for the Blind Friday night. The commencement exercises drew a large audience to the chapel of the school, which was very prettily decorated with spring flowers and with the class colors, pink and gray.

The graduates this year were Edith L. Clark, Chicago; Olive C. Noel, LaSalle; Lillie G. Norris, Virginia; Elsie P. Turnbull, Batchtown; Henry W. Workman, Taylorville, and certificates in piano tuning were awarded to Fred Houston of Leroy and Edwin Hamilton of Roseville.

The diplomas were presented by R. W. Woolston, managing officer in the absence of L. H. Becherer, superintendent of charities. The program began with an instrumental number by Mr. George Gerlach and then the invocation was given by Rev. J. H. Langton. The orchestra played two selections and Miss Lorine Dewese sang a group of songs. Then a violin solo was played by Mr. Frederick Meyers.

**Interested in School.**  
Mr. Jenkins, director of the department of public welfare, was introduced by Mr. Woolston as a man who during the past year has had the affairs of the State School for the Blind very close to his heart. Mr. Jenkins said that it was really an inspiration to be present on an occasion of this kind and to know of the successful completion of the work by these young men and young women, and that they are about to enter into the actual work of life.

He suggested the need there is of a willingness to step out and take the larger responsibilities of life and then to measure up to those responsibilities. "In a study of the progress of our country we must study the history of Illinois," Mr. Jenkins said. Then he traced the development of the country from the coming of the Pilgrims and Puritans. He sketched the characteristics of the people of the south and credited Henry Grady with the statement that the first real American in his characteristics was a combination of the Puritan and the cavalier with the virtues of both.

Then Mr. Jenkins touched upon the development of Illinois from the rude prairies of a hundred years ago. The passing of the old log house was pictured, the development which came as forests fell before the woodman's axe and the mineral wealth of the land was developed. Then the speaker suggested something of the changes that have come because the later generations grasped the opportunities for education and laid emphasis upon the thought that people get out of life just about what they put in.

**The Citizen in Politics.**  
"We often hear today," said Mr. Jenkins, "that the sordid political boss has control of the situation—that politics is too dirty for the reputable man. Now whatever may be the matter with the political situation is because the sturdy, stable citizen does not take time enough from his work and study and recreation to give the right amount of attention to things political."

"I hope that you will find time as the years pass to devote to these public affairs, for the proper interest on the part of citizens will put an end to any political sordidness that may exist. "If there is one message above another that I would leave with you, it is that life is action. There is nothing more pitiable than a state of smug sufficiency. Let there be action in your life and you will find that the years are worth while."

The diplomas were then presented by Mr. Woolston who expressed his pleasure in giving the young men and women this evidence of the fact that they have successfully completed the work of the school.

The senior chorus sang and then came the benediction by Rev. Mr. Langton. As is the rule at commencement events at the State School for the Blind, the musical numbers were delightful and made up a most important part of the program. The musical numbers given were as follows:

**Prelude:**  
Marche triumphe . . . Lemmens  
Mr. George Gerlach  
**Orchestra:**  
(a) Columbine . . . W. W. Smith  
(b) Ballet Music (from Faust) . . . Gounod-Mosès  
**Voice:**  
(a) Consecration . . . Manney  
(b) The Awakening . . . Spross  
Miss Lorine Dewese.  
**Violin:**  
Scherzo . . . Von Göns  
Mr. Frederick Meyers.  
**Senior Chorus:**  
(a) Song of the Marching Men . . . Hadley  
(b) What From Vengeance (arr. from Lucia Sostet) . . . Donizetti  
(c) Miller's Wooing . . . Fanning

## FUNERALS

Funeral services in memory of Mrs. James T. Ellis were conducted Friday afternoon at 2:30 o'clock at the family home on Pine street. The services were in charge of Rev. A. P. Howells, pastor of the First Baptist church. "Not a Sparrow Falls" was sung by Homer Wood with accompaniment played by Miss Carrie Spies. Mr. Howells read appropriate passages of scripture and in beginning his address commented upon the fact that death is a certain visitor to every home, yet the coming always seems sudden and it is hard for us to realize the uncertainty of life.

As applicable to the life and character of Mrs. Ellis, the minister quoted "She looked well to the ways of her household," the words used by an ancient king to describe the frugal Hebrew mother. The minister paid special tribute to mother love in both its sacrificial and constructive powers, and said that those who knew Mrs. Ellis well were able to sense the strength of her character, her unflinching desire to serve her household well.

There were many beautiful flowers and these were cared for by Misses Mary Clampt, Louise Strandberg, Dorothy Ellis and Eleanor Stoldt.

Interment was made in Diamond Grove cemetery and the bearers were: Joseph Jackson, Ralph Hutchinson, J. W. Finch, Owen Graff, James Stout, George W. Davis.

## ROTARIANS HEARD ADDRESS ON TRAVEL

Rev. W. H. Marbach Gave Illustrated Lecture at Friday Luncheon of Rotary Club—Glee Club from School for Blind Gave Program.

Rotarians at the weekly luncheon at the Pacific hotel Friday listened to Rev. W. H. Marbach's interesting address on Cairo and the Pyramids. It was given with lantern slides. This followed a ten minute program by the Glee club from the School for the Blind. There are sixteen young people in the club and they have been trained by Mrs. Wesley James, who served as their accompanist yesterday. Three or four selections were given in a way which brought enthusiastic applause from the Rotarians.

Mr. Marbach has given his travel talk several times in Jacksonville but none of his Friday audience had previously heard it and found his travel narrative exceedingly interesting. This interest was increased by the rapid presentation of views, the stereoscopic being operated by R. W. Woolston.

The guests of the day were William Ooley of Los Angeles, Calif.; J. L. McDowell of the Rothchild Clothing Co., and Horace H. Bancroft.

The members of the club have never before had so large a group of musicians at a luncheon and each one of the numbers on the program yesterday was thoroughly enjoyed. The Glee club includes the following singers: Mary Ford, Chicago; Hazel Ellerbusch, Havana; Hazel Jackson, Silvis; Josephine Maisel, Chicago; Mabel Driscoll, Kirkland; Dorothy Cronk, Glenwood; Olive Noel, Lottant; Leota Lohr, Ipava; Rose Synkowski, Chicago; Fernando Oldham, McLeansboro; Minton Jay, Decatur; George Anderson, Danville; Ora Dempsey, Decatur; Edwin Hamilton, Roseville; Fred Houston, LeRoy.

Vincent Riley, chairman of the Rotary club house committee, announced that thru the generosity of E. H. Gray the club house has recently been wired for electricity and within a very short time light will be available, supplanting the lamps that it has been necessary to use up to the present time.

## SURPRISE PARTY AT ALEXANDER HOME

Miss Evelyn Robins Pleasantly Surprised Friday Evening—Other Alexander News.

Alexander, June 2.—A party of young people went to the home of Mrs. Katie Robins north of Alexander Friday night and spent several hours very pleasantly. The affair was planned as a surprise party in honor of the 16th birthday of her daughter, Miss Evelyn, and the young lady was taken completely by surprise. The evening was spent with games and contests and refreshments of a very acceptable kind were served.

A fire was discovered at the home of W. P. Roberts Thursday about noon, but the flames were extinguished by the use of a chemical engine before great damage had resulted. The origin of the flames is a mystery. The loss is fully covered by insurance.

Mrs. John Morgan and daughter Katherine were Springfield visitors Friday.

## DECLARES CITY WATER SUPPLY IS SANITARY

No alarm need be felt by local residents because of the unusual appearance of the city water supply, according to a statement made by S. L. Miller, sanitary engineer for the Caldwell Engineering Co., who is in general charge of the water supply. Numerous complaints have been made recently because of the milky appearance of the water and also because of the taste of chlorine. Mr. Miller made the following statement with reference to the matter:

"The water is fully saturated with air when filtration is completed. It gathers more air during pumping and under pressure in the mains, so that when it is turned again into the atmosphere of the faucet, it contains more air than can be held in solution. The air leaves the water in very fine bubbles, and it is these bubbles that give it the milky appearance. The bubbles soon rise to the surface and disappear, and the water is then clear. The presence of the air in the water is beneficial."

"The taste of chlorine in the water now noticed is due to the fact that the city is trying to follow out the instructions of the State Board of Health. At this time of year it is difficult to add just the right amount of chlorine and a the same time to totally prevent taste. The difficulty caused by the luxuriant aquatic growth in the main reservoir at this season of the year. The chlorine is not injurious to health in any manner whatsoever, and is always added to the water supply."

"Daily analysis of the water made in the waterworks bacterial laboratory of the city show it to be of high sanitary quality at all times. The city water can be highly recommended for drinking purposes, and the people are urged to drink it in preference to water from wells which have not been given the scientific tests."

**WOULD BE THIEVES**  
Thursday night W. H. Moss, residing a few miles northeast of the city, heard his dog bark and jumping up to investigate discovered someone was about his chicken coop. Not being able to see any one he fired his gun and that scared away the would-be marauders who had their auto parked

near by. They went on probably to pay their respects to some other neighborhood and later on returned and fired several shots as they went by Moss' place.

He said he was sorry he couldn't have been sooner warned of their approach for had he been he would have given them and their car a load of shot at least. He thinks they didn't get more than one or two children from his place.

## Right on the job!

You like to meet men and women who have the punch of health in their make-up! Such men and women win!

Do you realize that the health and contentment of these physically and mentally equipped people are largely due to proper nourishment, not only today, but in childhood?

It is for you to decide whether your child is to be the puny type of man or woman in the years to come—or the kind of men and women you like to meet!

Give your children Kellogg's delicious whole-wheat KRUMBLES—with the full, enticing whole-wheat flavor for the first time in food history—and you will build in them red blood and bone and tissue! KRUMBLES supply all the food elements the body demands and balance the denatured foods that flood home tables! Buy KRUMBLES at all grocery stores.

The only whole-wheat food with a delicious flavor!

## ILLINOIS FAVORED TO WIN BIG MEET

**Gills Men Show the Way in Track Events While Angier Breaks Conference Record for Javelin—Finals Set for Today.**

IOWA CITY, Iowa, June 2.—With the shattering of a record in the javelin throw and brilliant performances in the other events the Western Conference outdoor track and field championship meet opened this afternoon. The finals will be decided tomorrow with indications favoring an overwhelming victory for the well balanced University of Illinois team. The strength of the Illini was revealed in the preliminaries this afternoon when Milton Angier hurled the shaft 195 feet 3 3/4 inches for a conference record. The mark will stand as a record in the finals tomorrow unless it is bettered. The former record of 178 feet, 4 inches was made by Howard Hoffman, of Michigan a year ago. Illinois started four runners in the 440 yard trials and all qualified for the finals. The time was exceptionally fast. Sweet of Illinois, winning his heat in 48 4-5. Arthur Wolters of Ames, gave Schlappizzi of Illinois, a desperate race in the second heat the Illinois runner breaking the tape just ahead of him in 0:49 1-5. Fessenden won the first heat in 0:49. There will be nine starters in the finals. Nine also qualified in the 380 yard run. Wolters again showing his class in this event. Yates of Illinois won the first heat in 1:56 4-5, the fastest time of the trials. Liebe of Notre Dame made the best heave in the discus throw, hurling the disk 147 feet 8 inches. This throw probably will return Liebe the winner tomorrow and the Notre Dame's chances for placing second in the table of points, altho Wisconsin and Minnesota threaten to put up desperate fight for second place honors. Critics believe there is a strong possibility that the Illinois one mile relay team will break the world's record in this event tomorrow.

**Track in Good Shape.**  
 The track is in excellent shape for the attacks on records tomorrow due to the rain early today. The field is rainsoaked and soggy and may affect the work of the athletes in the weight and other field events. The qualifiers in today's preliminaries follow:  
 440 yard dash—First heat won by Fessenden, Illinois; Johnson, Minnesota second. Time .49.  
 Second heat—Won by Sweet,

## ELIS DEFEATED MERCHANTS 6-4

**Make Five Runs in First Inning Thru Errors—Zell Allows One Hit.**  
 The Eli Bridge team defeated the Merchants at State Hospital diamond Friday evening by a score of 6 to 4.  
 Zell for the Merchants hurled a one hit game but errors in the first inning allowed the Elis to pile up five runs. They made one in the second and that ended the scoring for them.  
 The Merchants played a good uphill game but could not quite overhaul the Elis. They scored three runs in the first but were only able to put across one more, that was in the fifth inning.

**WILL TAKE LONG OVERSEAS TRIP.**  
 Antonio Sardinha, well known Portuguese resident of Jacksonville, is planning to visit relatives in the Madera Islands, this summer. Mr. Sardinha recently made application to Circuit Clerk Wamaker for the necessary passport. He is expecting to sail on July 5, on the Steamer Camaromia from New York. His mother and other relatives are resident in the Island of Maderia and Mr. Sardinha is expecting to have a very enjoyable trip.  
**LICENSED TO MARRY.**  
 John Buck, Jacksonville; Katherine Haney, Brownsville, Pa.  
 Z. L. Rexroat made a trip from Virginia to the city yesterday.

**VISITORS FROM TUCSON, ARIZ.**  
 Mr. and Mrs. Walter Gruber of Tucson, Arizona, are visiting in this city with Charles Gruber, of 604 East Lafayette avenue, who is a brother. John Gruber of Virden, another brother, is also visiting at the Gruber home here. Mr. and Mrs. Walter Gruber will go to Taylorville on Monday to visit with their son, who is a resident of that place.

**ENSIGN AMES IS VISITOR HERE**  
 Ensign John Ames is in Jacksonville on a month's furlough and is at the home of his parents, Dr. and Mrs. J. G. Ames on Mound avenue. For the past year Ensign Ames has been in the service of the Pacific fleet with base at San Pedro, Cal. He is attached to the Battleship Idaho and has recently been named Signal officer.

**CARD OF THANKS**  
 We wish to express our deep appreciation for the many kindnesses shown us during the illness and after the death of Mrs. James T. Ellis. Friends who sent flowers, furnished cars and in various ways gave expression of their sympathy and the kindness thus shown will not be forgotten. James T. Ellis and Family.

John Drake of the vicinity of Chapin was a traveler to Jacksonville yesterday. The gentleman is a grandson of the late John Drake of that region. The grandfather was widely known as a man of great integrity and an ardent friend of Sunday schools.

U. S. STEEL SCORED  
NEW HIGH MARK

By Associated Press.  
NEW YORK, June 2.—Trading  
on the stock exchange today was  
characterized by extensive and  
comprehensive dealings mainly at  
higher prices but interest in the  
market was overshadowed by the  
interesting developments in do-  
mestic and foreign money mar-  
ket. Call loans opened at five  
per cent, the highest initial figure  
in three months relaxing when all  
early demands had been met.

United States Steel scored a  
new high mark for two years at  
103 shortly after Chairman  
Gary's statement before a legisla-  
tive committee that the corpora-  
tion's surplus probably amounted  
to \$100,000,000.

Oils as a group dominated the  
market's speculative side.  
Studebaker advanced to the  
highest figure of the year and  
other motors rose 1 to 2 points.

Rails continued to lag, activity  
in that division being confined to  
minor issues. Peoria and Eastern  
being the most active, exam-  
ple at a gain of 34 points.

Sales amounted to 1,500,000.  
Liberty Bonds were active but  
realizing sales in that division  
detracted from their strength all  
but two of the entire series clos-  
ing unchanged or at slight reac-  
tions.

Total bond sales (par value)  
aggregated \$16,875,000.

CASH GRAIN  
REPORT

By Associated Press.  
CHICAGO, June 2.—Wheat in  
the cash market today was 1 and  
2 cents higher with Chicago mills  
the best buyers. Contract grades  
were in good demand with offer-  
ings light. The trading basis for  
red and hard grades was 1 add  
2 cents better, but for Northern  
and dark Northern was un-  
changed. Sales to millers were  
30,000 bushels. Vessel room was  
chartered for 470,000 bushels to  
Buffalo at 2½c. The seaboard  
asked 400,000 bushels was worked  
for export.

Cash corn was in good demand  
with prices 1 and ½¢ better than  
yesterday. The trading basis was  
firmer. Domestic shipping sales  
were 30,000 bushels. The sea-  
board reported 1,000,000 bushels  
worked for export.

Oats were in good demand at  
quotations unchanged to ½¢ bet-  
ter. Shipping sales were 85,000  
bushels.  
Car lot receipts, Wheat, 23;  
Corn, 351; Oats, 86.

WHEAT MARKET  
SAGGED IN PRICE

By Associated Press.  
CHICAGO, June 2.—Despite  
less favorable domestic crop re-  
ports the wheat market here sagged  
in price today, owing largely  
to lower quotations at Liverpool  
and to assurances that European  
holidays tomorrow and Monday  
would tend to curtail export de-  
mand. The closing in Chicago  
was steady but was ¼ to 1½¢ net  
lower, with July \$1.18½ to \$1.18  
and September \$1.17½ to \$1.17½.

Corn finished a shade to ½¢ off,  
oats at ½¢ decline to a like ad-  
vance and provisions unchanged.  
Successive dips and bulges in  
the price of wheat followed each  
other rapidly through the day the  
bearish foreign news being at  
times outweighed by confirma-  
tion of blackrust in Texas and by  
advices telling of blight in parts  
of Kansas and of threatened dam-  
age elsewhere in the winter crop  
belt. On the other hand seaboard  
analysts said that weather at  
Liverpool were offering hard  
winter wheat 2 to 3¢ cheaper  
than was asked in cablegrams  
from this side of the Atlantic  
and that the German government  
buying agency had withdrawn  
from the market.

Domestic mills took a fair  
quantity of wheat here and re-  
ports at Chicago continued to  
show a wide range of prices for  
23 cars. Primary receipts for the  
country as a whole were less than  
was the case a year ago. Such  
bullish factors were counter-  
balanced by word of increased  
shipments from Argentina about  
three times larger for the week  
as compared with the correspond-  
ing period last year.

Corn weakened with wheat  
notwithstanding gossip of export  
sales of corn totalling 1,000,000  
bushels. Good shipping demand  
helped to uphold the oats mar-  
ket.

An increase of land stocks here  
had a bearish influence on the  
provision market.

DUN'S REPORT  
WILL SAY TODAY

By Associated Press.  
NEW YORK, June 2.—Dun's  
tomorrow will say:  
"Another month has opened  
with recent gains in business  
maintained with promise of fur-  
ther improvement to follow. Cur-  
rent reports from different trades  
and sections of the country give  
rise to confident expectations and  
support the more general belief  
that recovery from previous de-  
pression has definitely develop-  
ment. Revival in some lines this  
year has steady gathered  
momentum, despite various draw-  
backs and idleness among work-  
ers has appreciably diminished  
with the increased opportunities  
for employment."

Weekly bank clearings \$5,143,  
434,000.

### WALKING TRAVELERS

Yesterday a unique looking outfit passed thru the city going westward right thru the square. The man said his name was Charles Fenners and he was accompanied by his wife, a son nearly grown and named Harford, and a younger son named Cecil. A baby in the outfit wasn't named. They had started from Aberdeen, New York, and were going to San Francisco at foot. The older boy pulled a handcart with a pile of material which looked like a tent and on top of it was perched the baby. The woman, man and younger boy went behind. The man said they were getting along all right making about seventeen miles a day. He had a pretty good load on his back but the woman wasn't asked to carry anything nor was the younger boy. All seemed to be in good health and spirits.

## TRADE PROMOTION ACTIVITIES TOLD

Resume of Work done by Committee During Year Just Closed—Curbed Fake Advertising and Solicitation.

About this time last year the newly organized Chamber of Commerce was busily engaged in forming a new program of work, and among the many projects suggested by the membership for the Chamber to do, were the following: Promote a trade at home movement; advertise Jacksonville, create a greater spirit of co-operation among the business men, and to eliminate fake advertising.

The accomplishment of the above projects were given to the committee known as the trade extension committee. This committee immediately set about to accomplish the tasks set out for them. Their first undertaking was the staging of a two day special sale, known as Booster Days Sale, in which, according to the rules, no merchant could have a special sale on any article that his competitor might have. The idea to bring people into Jacksonville and to have some inducement in each store that would bring them to have a better understanding and the knowledge of each mercantile establishment of the city. This sale was advertised for a radius of 50 miles, and brought great results and created a spirit of co-operation among the business men, which was of great value in later undertakings of the committee.

The next project of the committee was a Mammoth Halloween celebration, in which the square was decorated in Halloween effects and over nine hundred masqueraded and costumed people took part in the parade that was staged in the business district.

This movement having in mind the advertising of Jacksonville. The next affair was the first Dollar Day Sale, in which one hundred merchants co-operated in offering special inducements through Jacksonville's trade territory. This affair being the greatest trading day that Jacksonville's merchants ever witnessed. Another project to stimulate Christmas and holiday buying was the decoration of the business district in holiday attire. Christmas trees, holly, smilax, and other Christmas decorations were used. The whole affair giving a very pleasing effect.

To eliminate fake advertising and to control solicitation among the merchants, an agreement was secured by the trade committee to this effect and cards advising the public by this ruling were printed and are now displayed by all members of the Chamber of Commerce.

Another movement was staged by this committee which was known as the spring opening and window display, held at the opening of the spring season.

In this movement practically every merchant in the up-town business district co-operated. All lights were out in the business district, and the windows covered, at 7 P. M. on the day of the opening, whistles were blown and bells rung thruout the city, and the lights were flashed on and the windows undraped, showing to the public the latest display of spring merchandise.

The committee also staged a January Clearing Sale, which brought good results, assisted the automobile dealers in their automobile show and at the request of the board of directors, select official colors for the City of Jacksonville, which are blue and gold. These colors are used in all municipal decorations.

The trade extension committee is composed of Lloyd S. Reid, chairman, L. F. Randall, A. R. Taylor, Wm. Floreth, Jr., Henry Smith, H. E. Wheeler, Frank Plouer, Fletcher Hopper, Elmer Snyder, Lloyd Hamilton, Harry Dorr, Edward Tomlinson, Fred Darr, Sherman Dorand and Louis Horen.

## EVERYTHING READY FOR DRAMATIC CLUB PLAY

Everything is in readiness for the presentation of "Pomander Walk," by the I. W. C. Dramatic Club, Saturday night at 8:15. Arrangements have been made to move the setting into the gymnasium, if the weather will not permit of an outdoor performance.

The comedy promises to be an unusual production and is sure to add to already enviable reputation of the club. A large number of commencement guests are making a special effort to be present and it is hoped that the people of Jacksonville will avail themselves of the privilege of witnessing this altogether noteworthy performance.

## CADILLAC AGENCY AND SERVICE STATION

The Travis-Cadillac Co. of Jacksonville has opened its agency and service station at 116 North East street in the building at the southeast corner of Court and East streets. A. J. ## PUBLIC MEETING IN SOUTH JACKSONVILLE JUNE 5.

A public meeting is to be held at the school house in South Jacksonville next Monday night, when public improvements in the village will be the subject for discussion. A similar meeting was announced for May 29, but the attendance was small on that occasion and so a later meeting was deemed advisable.

The laying of water mains in the village is the principal improvement which is to be considered at the coming meeting, and it is hoped there will be a large attendance of the taxpayers. A fund is already available sufficient to pay for a large part of the expense and the balance will be raised by general taxation, according to the plan which is now proposed.

The early laying of water mains and sewers on South Main street is especially desirable, so that there will be no delay on this account when the contract is let for the hard road south from the city. A number of months must elapse after such improvements have been made before the pavement can safely be laid.

## SERVICES AT

### UNITY CHURCH.

The second of the series of stereopticon lectures will be given at Unity Presbyterian church at Woodson Sunday evening. The subject is "The Revelation of God in all the Stars." Children's day exercises will be held Sunday morning June 11 and the preparation of the program is now underway.

## FINE OUTLOOK FOR D. V. B. S.

Few things in the way of community interests have met with more general approval than the Week-Day Religious Education enterprise. The time of agitation is nearly passed, and the time of action is at hand. Next Monday hundreds of children from all parts of the city will be seen flocking to the four churches located at the corners of Church and State streets where the various departments will begin work at 9 o'clock.

The faculty committee is to be congratulated in the selection of a well equipped faculty having definite aims, and intelligent convictions as to methods of accomplishing them. We are especially fortunate in securing the Rev. W. H. Marbach, pastor of State Street Presbyterian Church, for superintendent. Before entering the pastorate he was a teacher in the Chicago public schools, and he is endeavoring in this movement to meet the requirements of the best educational standards. Considerable time is being given to preparation, lesson material is being carefully selected, competent teachers have been secured, and able supervision provided.

While endeavoring as far as possible to measure up in every way to the standards maintained in the public schools, the chief aim will be the child's religious development. This does not mean merely making additions to his fund of religious knowledge. It means an increasing sense of spiritual values, a growing consciousness of God in the life, an increasing loyalty to the Church, and reverence for sacred things.

We should see an enrollment this year of five hundred, and next year at least one thousand.

THOMAS H. TULL.

## YOUNG WOMEN LEAVE TODAY FOR WESTERN TRIP

Misses Fern Haigh, Mary Clappitt, Marguerite Steinmetz and Louise Strandberg will leave Saturday for California. Miss Haigh is planning to spend the summer with her sister, Mrs. J. P. Spaenholder at Stockton and Miss Steinmetz will summer with relatives at Corona.

Misses Strandberg and Clappitt have planned a six weeks trip thru the west and expect to stop at the Grand Canyon, Arizona, Los Angeles, Santa Barbara, Catalina Islands, San Francisco, Oakland and Yosemite National Park. They plan to return by way of Feather River Canyon in Nevada, Salt Lake City, Denver, and Colorado Springs. They will return to Jacksonville about the middle of July. Miss Strandberg is enjoying a six week's leave of absence from her duties at the Cloverleaf.

Do you remember our 4th of July celebration, if so patronize our bazar Monday June 5th, 1 to 9 p. m., Jacksonville State Hospital, main amusement hall, given for benefit of our celebration this year.

## VISITS IN MISSOURI

Miss Agnes Lusk left last night for a visit of two weeks with relatives in Webster Groves, Mo. Later she expects to go north for the summer.

# Foot Troubles

Nine Out of Ten Wear Shoes They Should Not

This probably is not the fault of the wearers but of the men who sold the shoes. They did not understand your peculiar needs. A No. 7 shoe won't fit every person who happens to have a "No. 7 foot." There are many things that enter into the right fitting of feet—knowledge of the foot itself, the shape of the shoe needed to give comfort, and the leathers used.

For many years we were employed as foreman of a big shoe factory specializing in fitting the "Hard-to-Fit" and in supplying the proper shoe to correct and relieve existing foot troubles.

Shoes for men, young men and boys—We guarantee to fit you properly, comfortably, satisfactorily. Come in and talk to us about your foot difficulties.
